SUPPLEMENT TO
REPORT NO. 25X1X

1. The Secretary of the Association des Travailleurs Scientifiques is GRIOT (fnu) who has a doctor's degree in science and is employed by the Recherche Scientifique in Paris. He is a member of the Communist Party and is married to a woman of Russian origin.
2. In the Association GRIOT is in charge of all administrative questions, conferences and Congresses. He was the representative of the Association at the Prague Congress on 22 September 1948. This was not his first trip to Prague; he goes there quite often on the excuse that his wife's family is in Czechoslovakia.
3. GRIOT recently organized a vacation colony for the Travailleurs Scientifiques at Morzine in Savoie. While there he sought permission to visit the cosmic ray installations on Mont Blanc of the Physics Laboratory of the Ecole Polytechnique, but Louis LEPRINCE-RINGUET, director of this research program, refused GRIOT's request.
4. According to members of the Association des Travailleurs Scientifiques, GRIOT's research activities are insignificant in comparison with his politico-scientific work.
